

**To: Members of the Springside Residents' Association [with email addresses on file]**  
**Subject Line: November 14th Special Meeting Notice**

**To: Supporters of the Springside Residents' Association**

The SRA Board of Directors wishes to reach out to each member, seeking support at the upcoming Special Meeting taking place on Wednesday, November 14, 2018 at 7:30 pm at Amica of Aspen Woods located at 10 Aspenshire Drive SW.

With the current rotating Canada Post strikes, we want to ensure homeowner's are aware of the upcoming meeting and encourage each homeowner to attend. Please review the [notice](#) issued to each home via Canada Post last week as well as the [agenda](#) for the meeting and the [financial statements](#) that were included inside.

The Special Meeting is only two weeks away and it has come about because of a petition looking to dismantle the current Board, dissolve the Springside Residents' Association and remove the encumbrance from each homeowner's title. All of these have costly repercussions (including the cost of hosting every Special Meeting) and they primarily affect the individual homeowners. A copy of the petition and the Board's response may be viewed [here](#).

If you want to continue to have landscaping enhancements such as flowers and shrubs planted throughout the community as well as a well-maintained stucco fence, which adds to your overall property value – we need your support. Attending the Special Meeting is your best opportunity to ensure your voice is heard on matters impacting your community. Of course we understand that you may have other commitments, so if you are unable to attend, please sign your [Proxy](#) and email it to [info@springsideresidents.com](mailto:info@springsideresidents.com). Your attendance or proxy is critical if you want to be heard. Failure to attend or provide your proxy could lead to the complete dismantling of the Springside Residents' Association.

Let's ensure that we can continue the good work that the Association does for our community. Thank you for your continued support.

The Springside Residents' Association Board of Directors
